

- Trading of Ferrous, Non Ferrous Scrap and Ferro Alloys
- Manufacturing of Steel, Aluminium and Copper Tubes

## VISION STATEMENT

“To be a cutting-edge trading and manufacturing platform for metals and other valuable products in the perpetually evolving and effervescent global market”

“With our feet firm on the ground of achievement and vision soaring towards progress, we are poised for ultimate success”

**MTC Group** is a 5-decade old group based in Mumbai-India, with domestic and international business operations in Scrap Metals (Ferrous & Non-Ferrous), Ferro Alloys, Base Metals, Minor Metals, Pig Iron, Steel Flat & Long products and Automobiles. The Group is also involved in the manufacturing of Steel Billets, Structural Steel, TMT Bars, Aluminum Ingots and Copper Tubes. MTC Group operates 16 Scrap Processing facilities across 9 locations in India and has an international presence in the USA, UK, UAE and Singapore. The group handles over 2 million Metric Tons of Scrap Metals annually.

## STEEL MANUFACTURING

Our Steel Manufacturing Plants are located in Chennai and Bangalore (Hospet). We manufacture Billets, TMT Bars and Structural Steel

## ALUMINIUM MANUFACTURING

Our Secondary Aluminium Alloys Plant is located in Pune. We manufacture Aluminium Alloys Ingots in ADC, ALS, LM, AA, AC grades.

## COPPER MANUFACTURING

Our Group has recently forayed into manufacturing of Copper Tubes and Copper Alloys. Our Copper Plant is located in Umbergaon Gujarat. We produce all grades of Copper Alloy and Brass Alloy Tubes.

## STAINLESS STEEL ZURIK AND HEAVIES SEGREGATION PLANT

We have Zurik and Heavies Segregation facilities at 2 locations in India. These facilities are equipped with automated and state of the art sorting systems including elaborate Conveyor Belt Systems and Water Tables enabling us to handle almost any grade of Zurik and Heavies.

MGK INTERNATIONAL, INC.  
USA

MGK International, Inc. is a 100% Wholly Owned Subsidiary of MTC Group located in New Jersey, USA. MGK International was established in July 2007 and in a short span of time the company has made rapid strides in exporting Ferrous and Non-Ferrous Scrap from North and South America. We are currently exporting about 40,000 MT of Ferrous Scrap and 5,000 MT of Non-Ferrous Scrap from the USA, Canada, South and Central America, Australia and New Zealand. We are exporting mainly to the Indian Subcontinent, Southeast Asia and Far East Asia markets. We are actively buying loaded containers from yards, processors, shredders and brokers on a FAS/FOB/CNF basis.

## FERROUS SCRAP

MGK International is one the major exporters of Ferrous Scrap from the entire North, South and Central America. We handle the following Grades of Ferrous Scrap:-

- Shredded Steel Scrap 211
- Cast Iron, Rotors and Drums
- Turnings and Boring
- Manganese Steel Scrap
- Tin Can Bundles
- HMS
- Bushelling
- PNS

## NON FERROUS SCRAP

MGK International handles a wide range of Non Ferrous Scrap. We are exporting following grades:-

### ALUMINIUM

- Old Sheet Scrap
- Shredded Zorba/Twitch
- Al Tense/ Auto Cast
- Al High Grade & Mixed Turnings
- Al Extrusion 95/5 & 10/10
- Al Wheels

### STAINLESS STEEL AND ALLOY STEEL

- Stainless Steel Solids/ Turnings
- Shredded Stainless Steel/ Zurik
- Low Nickel Steel
- Stainless Steel Plate Cutting/ Reusable
- High Temp/ Tool Steel/ High Speed Steel
- 17/4 & 15/5 PH Grades

### COPPER & BRASS

- Insulated Copper Wire (Low/ High Grade)
- Copper Chops No. 1 and No. 2
- Brass Scrap Label
- Aluminium Copper Radiators
- Brass Scrap Honey Clean/ Irony

### LOW COPPER SCRAP

- Motors
- Alternators/ Starters/ AC Compressors
- Shredded Motors
- Sealed Units
- Analogue/ Digital Meters
- Gas Meters

### ZINC & LEAD

- Zinc Die Cast Scrap (New/ Old)
- Soft Lead Scrap
- Zinc Kriksite
- Lead keels
- Zinc Anodes
- Wheel Weights
- Range Lead

## FERRO ALLOYS, BASE METALS & MINOR METALS

Ferro Alloys being a major requirement for the final output/product in steel, Group started its Ferro Alloys division in 2002. Within a short span of time, it became a major reliable supplier in market. The Group deals in Ferro Alloys (Bulk and Noble Alloys), Minor Metals, Base Metals and other raw materials required in the Steel, Foundry, Plating, and Chemical industries, which are sourced from reputed manufacturers around the world.
